

PRINCIPAL'S MESSAGE

"A mind is like a parachute. It works only when it is open." - Frank Zappa

The most important goal of education is not the piling up of learning, information, data or facts but to make students ready to lead a successful life. We, at MIS, strive hard to prepare our students for life by teaching them a host of life skills which are the need of the hour and will be required in the future.

Theoretical Education is 'I KNOW' while Practical Education is 'I CAN DO'. Knowing the recipe of any dish is different from actually cooking that dish. We are working towards teaching them the recipe to success with our various initiatives/strategies which are as follows:

Coding Classes

Personal Attention

Collaboration Program

Webinars with Experts of
International Repute

A Happy School

All in One

Financial Literacy

CODING (Classes 1 to 9)

Sensing the need of the future, we have developed a comprehensive Coding Curriculum for our Medi-Captains. They have now started "Coding the World". Now the young technocrats are able to create their own animated stories, develop their own apps, games and not only these, they are now able to design their own websites too.

Budding Coder
Manit Dubey
designed logo of
Spotify by writing a
code of 20 lines.

APP LINK-

<https://studio.code.org/projects/artist/9vzw5BMkmMrgDHEHQgLh2nCB9w4li7oROOyWb94hLjM>

Young Technocrat **Vihan Porwal**
created his own
Alexa speaker app using
app lab

Enthusiastic Animator
Shubhi Joshi expressed her
patriotic
feelings on the Independence
Day by animating a short
clip on scratch.

Created a short clip on Scratch to present her patriotic feeling on Independence day

ALL IN ONE (Classes 1 to 8)

We are committed to equipping our students with the tools, knowledge and confidence to be life-ready. In order to make their roots strong, we have endeavoured to prepare books that improve and enhance Mental Maths, Communicative English and Logical reasoning which will enable our students to face the competitive world.

COLLABORATION PROGRAM (Classes 1 to 12)

Students learn better when they interact with students from different cultural and linguistic backgrounds. With the same vision, we collaborated with Royal Concorde International School, Bengaluru. Students from both the schools interacted well and exchanged ideas, culture and knowledge through various activities conducted at regular intervals.

Mental Maths

Topic - Percentage

Q1) Calculate 25% of 1248

Solution-

First Calculate the half or 50% of 1248.

50% of 1248 = 624

So, now calculate the half of 624.

50% of 624 = 312

So now you can see that 25% of 1248 is 312.

Option

a) 25 ✗

b) 212 ✗

c) 456 ✗

d) 312 ✓

WEBINARS WITH EXPERTS OF INTERNATIONAL REPUTE (Classes 6 to 12)

In order to provide a global exposure, our students are given an opportunity to meet, discuss and interact with experts of international repute. We found that our students are very confident and least hesitant to ask questions to personalities of international level.

Marshall Space Flight Centre,
Huntsville, Alabama

MONEY MANAGEMENT 101:

FINANCIAL LITERACY (Classes 9 to 12)

In order to develop the cognitive understanding of financial components and skills such as budgeting, investing, borrowing, taxation and personal financial management in our students, our Commerce Department has started a webinar series with a motive to make them aware, penny-wise and worldly-wise.

A HAPPY SCHOOL (Nursery to Class 12)

Success is not the key to happiness, happiness is the key to success. If you love what you are doing, you will be successful. Following the same ideology, we endeavour to create a happy school where every child is guided with personal care as he/she charts a route to happiness and excellence.

PERSONAL ATTENTION (Nursery to Class 12)

Medi-Caps Community is more like a family. We stress on personal touch & attention rather than maintaining professional relationships with the students. Here, the mentors are like guardians who encourage the students to ask questions and rear students' creativity, curiosity and strive to experiment and innovate new things on both academic and non-academic fronts.

A committed and supportive management, dedicated teachers, caring and co-operative parents blend harmoniously to create a child-centric happy school. I am grateful to the parents for their unflinching faith in us. We solicit the same support and co-operation in all our future endeavours as well.

Regards,
Renu Gurnani
Principal

PRE-PRIMARY BLOCK

(A) ACCOLADES

We are Medi-Captains, We are born to win...

It gives us immense pleasure and pride to share that Medi-Captains have yet again brought many laurels to the school, participating in various inter-school competitions.

Vyom Mittal
1 rank in UCMAS

Vivaan Mishra
Youngest Game Developer at Whitehat JR.

Anvi Thakur
State level Qwando Champion

Vidhika Jalkhedha
Secured Best Performance Award in Poem Recitation Competition, Sahodaya Group

(B) NATIONAL FESTIVALS

"The greatness of a culture can be found in its festivals. Medi-Captains value the sacrifice and contribution of various freedom fighters and great leaders."

The cultural, ethnic and religious diversity in India has given rise to myriad festivals that are celebrated with unparalleled enthusiasm by Indians across all demographics. Whether national or religious festivals in India, each of them is celebrated with the same vigour and zest by the little Medi-Captains. Here's a glimpse of Independence Day & Republic Day Celebration.

(C) ART AND CRAFT

"The aim of imparting art is to represent not the outward appearance of things but their inward significance."

Art and craft activities help instil a sense of achievement and pride in children, boosting their self-confidence. The opportunity to create whatever a child desires, fosters creativity.

(D) WEBINARS

"A world of learners gathered to gain a passport to the world."

Education does not simply mean the ability to read and write, it is a wide term used to describe the complete process of learning. During the pandemic, our Medi-Captains acquired a new platform to showcase their researches on various topics and presented themselves as the Tech Gurus.....

(E) EXPERIENTIAL LEARNING

"The Best way to Learn, is to do it."

Experiential education teaches students to examine their actions, thought processes and even their emotional responses. This improves their personal relationships and addresses their emotional needs.

(F) CELEBRATIONS

"One world, many cultures".

"Diversity is the power that brings happiness".

"One thing is common in us- Culture."

Many festivals were celebrated even during online classes with a lot of zeal and fervour.

(G) ACTIVITIES

"Tell me and I forget, teach me and I may remember, involve me and I learn." Confucius adaptation.

MIS believes the most meaningful and long lasting learning occurs when students experience, discover for themselves and enjoy learning.

(H) LIFE SKILLS

"Every skill you acquire doubles your odds of success."

In everyday life, the development of life skills helps students to find new ways of thinking and problem solving, recognise the impact of their actions and teaches them to take responsibility for what they do.

(I) SUBJECT ENRICHMENT

"Education is a dynamic, lifelong process. Every time you look sensitively with awareness, your vision grows."

Enrichment Activities give a spurt to the learning skills of a child. The Children step into an area of their interest, where creativity is unfettered. Enrichment activities open plenty of opportunities for the students, as a natural extension to their scholastic pursuits.

(J) ART OF GIVING

"Transformation can happen only through understanding and not by imposing."

The power of giving comes from a selfless act, where you simply give from your heart. This act of giving is not tied to any special event, holiday or celebration. It is merely a time when you give from the heart because you want to share what you have. Show your appreciation and give because you truly care.

PRIMARY BLOCK

(A) ACADEMIC HIGHLIGHTS

We inspire our Medi-Captains to achieve more by turning their ideas into reality through our innovative approach.

Students participate in extraordinary experiences to develop an international perspective. In school, our inspirational teachers and collaboration with other leading organisations have nurtured their ambitions. As part of our family, students have been supported for their all round development.

(B) ACHIEVEMENTS

Students of the primary block are provided with many opportunities to participate in intra and inter school competitions. They took part in various Olympiads and competitions organized under the aegis of Sahodaya and brought laurels to the school.

Aneri Poddar Class 5G secured I position in Hindi Olympiad

Shriyansh Sahu Class 3C secured I position in Yoga Competition Sahodaya Group

Pratishtha Singh Jalkhedhia Class 3D secured merit certificate for poem writing

Aadrika Shukla Class 3H Finalist in under 9 Badminton Championship

(C) ENGLISH WEBINAR

The Troupers of Medicaps

"Don't use social media to impress people; use it to impact people" The students of Class 3 presented a role play 'The Troupers of Medicaps' where they presented the vices and virtues of social media through different scenes like - excitement of kitty party, craze of selfies, addiction of surfing etc. Through this webinar, students showcased the importance of healthy screen time habits which is a must for this generation.

This webinar helped the students to strengthen their oratory, listening and speaking skills.

D) DIGITAL DYNASTY

"It's not that we use technology, we live technology."

The students of Class 5 presented a webinar "Digital Dynasty". Now webinars are also an effective mode of learning. The students presented the various uses and applications of digital platforms which are helpful to all in the current world scenarios.

Through this webinar, students highlighted the importance of these platforms for the school, teachers, students and parents, especially during pandemic.

(E) ART & CRAFT

"Imagination is everything. It is the preview of lives. Use your imagination to make your dreams."

Art and Craft activities stimulate the young minds. Various activities were designed to provide a platform to enhance the artistic capabilities of the young creative minds.

Through their craftsmanship, they refined and strengthened their skills. The youngsters learnt about symbolic communication through the art they created, choosing various colours to communicate their feelings.

(F) FESTIVITIES AND GAIETY THROUGH CELEBRATIONS

Independence Day Celebration - Carried with joy, coated with pride, dipped in love & flying in glory, Primary block celebrated the moments of freedom with great fervour and passion in the shade of joy. The performances of children were filled with warmth and ardour.

Krishna Janmashtami - Festivals are an expressive way to celebrate glorious heritage, culture and tradition. They help us to connect with our culture, families and societies.

On the auspicious occasion of Krishna Janmashtami, various activities were conducted for classes 3, 4 and 5. Students participated enthusiastically in activities like Matki decoration, Jhula decoration and Poster making.

The little Medi-Captains presented their divine love and affection towards Lord Krishna - the eternal charioteer.

(G) MED-TECH CODING COMPETITION - 2021

LOGO Designing on Artist lab -

Everyday life is like programming. If you love something, you can put beauty into it. Around 280 young coders registered themselves for the competition. 28 students got selected from them and presented their creative LOGOS. "You might not think that programmers are artists, but programming is an extremely creative profession. It's logic-based creativity."

(H) LANGUAGE ENHANCEMENT

The art of communication is the language of leadership. Communication is the quality to describe simple things in a more attractive way. The young students of class 3 and 4 presented a talk show on the topics of **neighbourhood services** and **means of transportation**.

They learnt different techniques of describing simple things in a better way and students actively participated with great enthusiasm. It's truly said, "If you can't explain it simply, you don't understand it well enough."

(I) PERSONALITY DEVELOPMENT

Personality reflects the inner self of an individual. It helps us develop an identity and leaves a long lasting impression on others. In order to raise well groomed students, personality development classes were conducted for them.

(J) SUBJECT ENRICHMENT ACTIVITIES

Enrichment promotes critical thinking and problem-solving skills, improve students ability to concentrate and make learning more meaningful.

A range of stimulating activities were conducted to teach vocabulary, creative writing, grammar and reading, in order to make their linguistic foundation strong.

(K) SUMMER CAMP

Keeping in view the utilization of Summer time and in order to save the students from negativity spread due to pandemic, we organized a virtual summer camp.

Both informative and productive activities like book review, character sketch, talk show, creative biography writing, live commentary etc were conducted in order to help them build their confidence and presentation skills.

(L) WORKSHOPS

In a constant endeavour to keep the fraternity upskilled and engaged in a progression cycle, The school organized vivid workshops and orientation programmes. The objective of these programmes was to share knowledge with peers in form of a brief presentation including activities, discussion, applicability and inclusion in the curriculum.

MIDDLE BLOCK

(A) - ACHIEVEMENTS

"The key to success is to focus on goals, not obstacles"

.....A step towards accomplishments.....

1. Khwaish Pali (6-A)
I position at Rangilo
Garba Competition
Organized by Rocky
& Group Dance
Academy.

2. Khushman Parwani
(6-A) Amongst top 20
position, M.P. State

completed the
Whitehat Jr.-Artificial
Intelligence Coding
Curriculum Trial.

(B) - ACTIVITIES / WEBINARS

LANGUAGE ENHANCEMENT

...A step towards fearless expression

Oratory skills are most important to improve communication skills, form connections, influence decisions and develop self esteem. Various webinars were conducted with an objective to magnify the interest of students towards literary skills like Poem Recitation, Elocution, Vocabulary Enhancement, Book Review, Debate and News Presentation etc.

DEVELOPING SCIENTIFIC TEMPERAMENT

...A step towards quenching the thirst for knowledge...

Medi-captains believe that somewhere something incredible is waiting to be revealed. In order to instill scientific temperament in our budding scientists, innovative and scientific webinars like Science Behind Monuments, Junior Scientists, Science Around You, Young Budding Minds etc. were organized.

NURTURING MATHEMATICAL LOGICS

...A step towards numeric expertise...

Our passionate young mathematicians developed quick calculation tricks, critical thinking abilities & spontaneous response through Mental Maths skills. Various webinars like Quiz through Kahoot, 'Math - e - magician', 'Young Calculators' and 'Logical Reasoning' were organized to develop numeric expertise among students.

KNOWING OUR NATION

...A step towards knowing the doctrines and practices of constitution

The Indian Constitution is a vital document that is the basis of all laws. Therefore, it is imperative that our students understand how these laws bind the entire nation together. A webinar on various articles of the constitution was organized for our students to get to know our nation better.

BEING TECHNO SAVVY

...A step towards being techno-friendly

Being techno-savvy is indeed the foundation for a better tomorrow; it is the channel to interact with computers to derive productive outputs. Medi-captains created their own animated stories through Scratch, worked on Augmented Reality, which took them to a different innovative and imaginative world. They also tried their hands and gained expertise in MS Excel and organized Virtual Tours to visit various places in the world.

CURRENT AFFAIRS

A step towards fearless inquest.....

Curiosity is the beginning of creativity. To know more about successful people and to develop interviewing skills, a spectacular Talk-Show was organized in which students interviewed renowned personalities like Mr. Mir Ranjan Negi (former hockey player) and Ms. Shrishti Bhargava (DSP Simrol). Student also analyzed and researched the effects of Covid on the Indian economy.

(C) CELEBRATIONS

REPUBLIC DAY AND INDEPENDENCE DAY

...A step towards nationalism

The pandemic confined the students to their homes, but it could not dampen their patriotic spirit and pride for the nation.

ENVIRONMENT DAY

...A step towards Environmental Sensitivity...

World Environment Day is celebrated every year to raise global awareness and to take positive environmental action in order to protect nature. Keeping the same in view, Medi-Captains celebrated World Environment Day on June 5, 2021 with a lot of enthusiasm. They elaborated on their in-depth study on the ramifications of climate change due to COVID, as it is well said, "Every situation has both positive and negative aspects".

YOGA DAY

...A step towards physical and mental fitness...

Exercises are good and useful to all. The excited and energetic students of Medi-Caps celebrated "The International Yoga Day" with lot of eagerness and joy on June 21, 2021.

(D) SUMMER CAMP AND SUBJECT ENRICHMENT

...A step towards utilizing holidays...

Various skills were enhanced, keeping in view the utilisation of time during summers, as negativity was spread everywhere due to the intense pandemic situation. The main objective of summer camp was to analyze, explore and learn to research various concepts to know them better. The sole aim was to nurture our students with immense positivity and creativity in whatever situations we were in.

Interesting activities were planned in subjects like Maths, Science, English, Social and Coding to enhance the knowledge and skills of students.

ENGLISH DISCOVERY CLASS

...A step towards enhancing literary skills.

The time was utilized to enhance speaking skills like Elocution, Debate, Running Commentary, Telephone Manners, Life skill activities, Ad Presentation, Fireless Cooking, Story Narration, News Presentation etc.

RESEARCH SKILLS

...A step towards learning research skills.

Medi-captains were taught how to explore and research on various topics, as this activity taught them to quench their thirst for knowledge. Various activities like experiments on density, energy transformation, how to make sanitizer & moisturizer at home, colour rain activity, elephant toothpaste, coin flicking activity, flower dissection activity, weaving activity quizzes & science behind rituals were practiced & researched by the students.

NUMERIC SKILLS

...A step towards being math-magicians.

Topics which promote practice of competitive exam questions were practiced through our self-designed curriculum of All-In-One (Renaissance). Students thoroughly enjoyed these sessions.

(E) PERSONALITY DEVELOPMENT

...A step towards developing personality.

Personality development is all about building capacities, nurturing talent, enhancing new skill sets, working on your weaknesses and transforming them into strengths. Medi-Captains performed various activities on Gratitude, Good manners, Ted Talks, Creating their own Dream Boards and shared Thought for the day to bring about positivity in everyone's life.

(F) WORKSHOPS

...A step towards learning more.

Fabulous workshops were arranged for the Medi-Captains to enhance their smartness, awareness and knowledge on various topics like Procrastination, Table Manners, Correct Posture and First - Aid. Guest speakers, experts in their fields, were invited to give additional knowledge and information about various subjects.

SENIOR BLOCK

AWARDS & RECOGNITIONS

"Education is not the filling of a pail, but the kindling of a lamp".

Ms. Rupali Jain was felicitated by Free Press - The leading English daily of Central India.

Kratika Bajaj of Class 10C won Global youth leadership summit, Rotary club.

Aarna Vyas of Class 9C participated in 20th Sub Junior National Wushu Championship at Ranchi, Jharkhand.

Mast. Nilabh Singh & Ms. Namrata Singh of Class 10 are selected for M.P. Roll Ball State championship.

(B) ACTIVITIES /WEBINARS

Developing language proficiency- You can speak well if your tongue can deliver the message of your heart. We, at Medicaps, hone the oratory skills with a plethora of activities like declamation, panel discussion, activities focusing on reading, writing, listening, pronunciation and many webinars were also done for the language enhancement.

Without Math there can be no rockets- Education is not the learning of facts but the training of the mind to think. To make learning fun and last forever we provided our students opportunities to participate in various events such as Brain wave, Common omits, Math talent etc.

Science Tech Exhibits- Science knows no country because knowledge belongs to humanity and is the torch that illuminates the world. To quench thirst for scientific knowledge, we conducted a webinar "Science behind Rituals and Anatomy" where the students explored and learnt about the science behind our rites and rituals.

Enjoy your Rights - Consumers are the kings and hence they need to be always served with the best. Students of class 10 displayed the skills to become smart consumers by creating awareness about consumer rights. They spoke about the importance of the consumer rights and needs.

Reporting live from ground zero- "Mass Communication is the need of the hour, so how can the Medicaptains be away from it?" A mesmerizing session of exuberance and credence, presenting the current issues and news affecting the world at present was exhibited by senior students.

AFS Activities- AFS poster making competition was organised on the topic "My idea of peace". Medicaptains participated enthusiastically kindling the fire of imagination and creativity. The young learners displayed their skills through an array of posters.

(C) PARTICIPATION

MUN -Model United Nations : It was an absolute delight to behold when our promising Medi-Captains came up in style with the First ever 'Virtual MIS-MUN 2020'. It was indeed a pleasure witnessing the budding speakers discuss the international issues related to Covid 19 pandemic in the WHO Committee and Racial Discrimination in the UNHRC committee. Young Medi-Captains representing countries like the UK, Russia, Japan, France, China, USA, NZ, Spain, Israel and India as delegates at the United Nations, put their countries ideas across on the burning global issues. The sessions were graced by our special guests Ms. Sonal Sharma , Scientist at BARC, Mumbai and Dr. Abhishek Srivastava, Asso. Prof. at IIT, Indore.

(D) BACK TO SCHOOL

Due to the COVID-19 pandemic, students were not able to visit school. When the restrictions were lifted, we once again witnessed the happy faces of senior Medi-Captains as the school re-opened regulating the norms issued by the government viz. wearing masks, temperature checks and upholding physical distancing rules, amid other safety measures.

(E) PERSONALITY DEVELOPMENT

Personality is what makes a person unique. It helps us develop an identity and leaves a long lasting impression on others. In order to raise well groomed students, personality development classes were conducted for the students. These classes have been designed to prepare young children for manners and etiquettes, with an emphasis on value-based development, finesse, confidence and humility.

(F) SUMMER CAMP

Enquire and Explore was the mantra of our camp. Various activities like Dancing, Coding and Scratch Extension, Personality Development classes, Consumer Protection forum, Application of Science in various fields, Story telling, Tell me why?, Reading and Fitness regime were organised to groom our students. The exuberant learners participated and showcased their diligence, developing a sound character and allowing imagination to thrust. The summer camp was earnestly appreciated.

(G) CELEBRATIONS

National Festivals : With the lighting spirits of patriotism, duty towards the nation and a zeal to do something for the nation, the young Medi-Captains of class 9 and 10 celebrated virtually our Independence Day & Republic day. The bouquet of event contained mesmerizing patriotic songs, Hindi and English speeches, Hindi and English poems, a thought provoking video showcasing the significance of our National Flag, fabulous documentary highlighting Indian contributions to the world, beautiful patriotic songs on Guitar and an electrifying dance on Vande Mataram.

Ganesh Chaturthi : Medi-Captains celebrated Ganesh Chaturthi with great devotion and joy. They showed their devotion and took the blessing of Lord Ganesha by making eco friendly idols and beautiful posters.

TESTIMONIALS

As they say, things are clearer when they are right from the horse's mouth...
Let's have a glimpse what our Parents fraternity feels about MIS...

Pre-Primary Block

April 2020 was the month when a new change emerged in education industry, that is online classes.

Initially it was nothing more than a headache for students, teachers and parents. But soon all adapted to the change and it became a boon for parents, as they were not able to send their kids to school physically due to this pandemic. It was a great effort by school management and teachers who kept cool and focused on stress free teaching the students and played the biggest hand in making this type of learning a great success.

Pre primary students are the most difficult batch to handle but teachers are playing a great role in making them learn new things with fun.

Mr. Mandeep Singh
Maneet Kaur, Class-I (B)

Medicaps International school team is doing such a hardwork that there is no difference between Online and Offline classes (Regularity, Punctuality, Google classroom used for giving home work and submission, work sheets, Extra curricular activities). One thing I must share every parent now wants English Environment in school and I'm satisfied that every teacher explains and communicates in English all time. And even they ensure that kids should speak in English which I came to know through online classes.

Mr. Vibhav Sinhal
Mehul Sinhal - Class-2 (B)

We, Devansh Vishwakarma's parents wish to submit our general feedback to you for conducting the online classes meticulously.

We as parents feel happy with all the efforts, the school administration is making for their Medi-Captains. Thanks for commencing the online classes well in advance and continuing it without breaks during the crucial time.

Mrs. Vibha Vishwakarma
Devansh Vishwakarma, Class-I (D)

Primary Block

"Good schools" like good societies and good families, celebrate and cherish diversity."

Medi-Caps International School, Indore is a school with a very clear vision. Skilled and supportive teachers and administrators, who focus on teaching and learning process.

I would like to truly appreciate your work in handling the kids so well and giving everyone an equal opportunity to speak and express themselves.

A splendid job. I congratulate you all for your thorough work.

Mrs. Shivani Rathore
Tejastika Rathore, Class-5 (A)

I am extremely happy to be a part of the MIS family. I am really thankful to the staff and management for providing well organized and best online classes in the city.

Every child is given personal attention here. The commitment of the teachers towards students is incredible. I am happy to see my child getting more confident day by day.

Mrs. Sangeeta Pawar
Geetisha Pawar, Class-4 (F)

MIS is the best school in the city. The teachers are well qualified and experienced. They work on excelling the hidden talents of students. My kids are always eager to join the classes. The endless efforts and support of teachers have turned these online classes into a wonderful phase of their life. I am happy to see the progress in both of my kids.

Mrs. Swati Agrawal
Aarav Agrawal (3-D) & Aadarsh Agrawal (3-A)

Middle Block

We are highly satisfied with the teaching done by the school mentors under the guidance of co-ordinator and management. We really want to appreciate the technology used by the school for conducting classes and extra curricular activities which are helping our ward's wholesome growth and we appreciate the knowledge enhancement and attentiveness our child is gaining through online mode.

Mr. Tanmay Rajurkar
Taarkit Rajurkar, Class-8 (A)

I am thankful to Medi-Caps International School for bringing out the best in my son. He joined this school from standard I. Since then I can see a lot of transformation in him for which I acknowledge School's sincere effort in creating an environment of learning, kindness, responsibility and leadership through their way of importing education and nourishing his other talents through a variety of co curricular activities. Even the barrier of lockdown could not stop them from continuing their efforts."

Mrs. Batul Saiffe
Ali Asgar Saifee, Class-6 (C)

Medi-caps is a wonderful school. This is the third year that our daughter is studying at this school. They are doing a great job during the pandemic by providing excellent online classes with such a great learning. It provides blended teaching for all core subjects and also for other co-curricular and extra-curricular classes and related activities like online coding classes using coding, PD Classes, Physical Education and Dance Classes regularly. School also regularly conducts online remedial classes and timely support to help students.

Mr. Pankaja Patro
Jagruiti Patro, Class-8 (A)

Senior Block

In these pandemic times despite so many challenges, Medicaps has come out as the best option for pursuing studies in a structured way. We would like to appreciate the efforts of the teachers and the online teaching methodology. We would also like to stress amid social distancing and stay at home orders the online school and teachers have become super hero for our children

Mr. Rakesh Laddha
Ansh Laddha, Class- 12 (B)

Medicaps is truly a fantastic school! I want to thank all the teachers of MIS for the hardwork they put in for the online sessions, explaining everything in a detailed manner everyday. Also, communication with parents is stellar and concerns are directly dealt with. Stuti is happy and flourishing, during the pandemic we couldn't ask for more.

Mrs. Kritika Khandelwal
Stuti Khandelwal, Class-11 (D)

The online classes are an innovative way to keep the learning going on.

Due to the efforts of medicaps my child is getting education in a safe & comfortable environment at home.

Your continuous efforts to make study more interesting is really appreciable.

Thank you medicaps for your love and support. We hope that with your hard work and support our children will become pillars of the nation.

Mrs. Pooja Shah
Kavya Shah, Class- 10 (B)
